customers but made tax-free profits of 1.17 billion in 2011–2012. Since its creation, the bank has been at the heart of global events but has often gone unnoticed. Under Thomas McKittrick, the bank's American president from 1940–1946, the BIS was open for business throughout the Second World War. The BIS accepted looted Nazi gold, conducted foreign exchange deals for the Reichsbank, and was used by both the Allies and the Axis powers as a secret contact point to keep the channels of international finance open. After 1945 the BIS—still behind the scenes—for decades provided the necessary technical and administrative support for the trans-European currency project, from the first attempts to harmonize exchange rates in the late 1940s to the launch of the Euro in

2002. It now stands at the center of efforts to build a new global financial and regulatory architecture, once again proving that it has the power to shape the financial rules of our world. Yet despite its pivotal role in the financial and political history of the last century and during the economic current crisis, the BIS has remained largely unknown—until now.

last century and during the economic current crisis, the BIS has remained largely unknown—until now.

"As the global economy struggles to avoid meltdown, so the greatest Ponzi scheme in history approaches its final death rattle. Politicians have stood by and watched the financial industry create a massive overhang of debt, a mountain of low quality assets - and ultimately, an economic disaster which has dwarfed all others. The Eurozone crisis and the LIBOR manipulation scandal are just two symptoms of a much broader problem: one of vastly excessive debt, regulatory failure, a culture of deceit on Wall Street and the City of London, and governments that have promised their citizens far more than they can deliver"--Publisher.

#1 WALL STREET JOURNAL
BESTSELLER * NEW YORK TIMES
BESTSELLER New York Times finance
editor David Enrich's explosive exposé
of the most scandalous bank in the
world, revealing its shadowy ties to
Donald Trump, Putin's Russia, and
Nazi Germany “ A jaw-dropping
financial thriller ” —Philadelphia
Inquirer On a rainy Sunday in 2014, a
senior executive at Deutsche Bank
was found hanging in his London
apartment. Bill Broeksmit had helped
build the 150-year-old financial
institution into a global colossus, and
his sudden death was a mystery, made
more so by the bank ' s efforts to

Online Library Tower Of Basel The Shadowy History

deter investigation. Broeksmit, it turned out, was a man who knew too much. In *Dark Towers*, award-winning journalist David Enrich reveals the truth about Deutsche Bank and its epic path of devastation. Tracing the bank's history back to its propping up of a default-prone American developer in the 1880s, helping the Nazis build Auschwitz, and wooing Eastern Bloc authoritarians, he shows how in the 1990s, via a succession of hard-charging executives, Deutsche made a fateful decision to pursue Wall Street riches, often at the expense of ethics and the law. Soon, the bank was manipulating markets, violating international sanctions to aid terrorist regimes, scamming investors, defrauding regulators, and laundering money for Russian oligarchs. Ever desperate for an American foothold,

Online Library Tower Of Basel The Shadowy History

Deutsche also started doing business with a self-promoting real estate magnate nearly every other bank in the world deemed too dangerous to touch: Donald Trump. Over the next twenty years, Deutsche executives loaned billions to Trump, the Kushner family, and an array of scandal-tarred clients, including convicted sex offender Jeffrey Epstein. Dark Towers is the never-before-told saga of how Deutsche Bank became the global face of financial recklessness and criminality—the corporate equivalent of a weapon of mass destruction. It is also the story of a man who was consumed by fear of what he 'd seen at the bank—and his son 's obsessive search for the secrets he kept.

Winner of the Pulitzer Prize “ Erudite, entertaining macroeconomic history

Online Library Tower Of Basel The Shadowy History

of the lead-up to the Great Depression as seen through the careers of the West ' s principal bankers . . .

Spellbinding, insightful and, perhaps most important, timely. ” —Kirkus Reviews (starred) “ There is terrific prescience to be found in [Lords of Finance ' s] portrait of times past . . . [A] writer of great verve and erudition, [Ahamed] easily connects the dots between the economic crises that rocked the world during the years his book covers and the fiscal emergencies that beset us today.”

—The New York Times It is commonly believed that the Great Depression that began in 1929 resulted from a confluence of events beyond any one person's or government's control. In fact, as Liaquat Ahamed reveals, it was the decisions made by a small number of central bankers that were the

Online Library Tower Of Basel The Shadowy History

Of The Secret Bank That
Ruins The World

primary cause of that economic meltdown, the effects of which set the stage for World War II and reverberated for decades. As we continue to grapple with economic turmoil, Lords of Finance is a potent reminder of the enormous impact that the decisions of central bankers can have, their fallibility, and the terrible human consequences that can result when they are wrong.

Based on newly declassified documents and archival research, Hitler's Secret Bankers reveals the full, hitherto unknown extent of Swiss economic collaboration with the Nazis during World War II. In this updated edition, readers discover how and why the Swiss finally buckled and agreed to pay \$1.25 billion in compensation for the funds deposited by Holocaust

Online Library Tower Of Basel The Shadowy History

victims in Swiss banks. In addition to the dispute over dormant accounts, Swiss banks provided to the Nazi war machine the foreign currency that paid for vital war materiel such as chrome and aluminum. The author also explains how the exposure of the myth of Swiss neutrality, in collaboration with the Nazis, triggered investigations into the role of the British regarding Holocaust victims and the part played by Germany and its failure to compensate the survivors of slave labor, as well as the upheaval in the art world, which failed to restore stolen paintings to their rightful owners.

A deeply reported, New York Times bestselling exposé of the money and the clerics-turned-financiers at the heart of the Vatican—the world ' s

Online Library Tower Of Basel The Shadowy History

biggest, most powerful religious institution—from an acclaimed journalist with “ exhaustive research techniques ” (The New York Times). From a master chronicler of legal and financial misconduct, a magnificent investigation nine years in the making, God ’ s Bankers traces the political intrigue of the Catholic Church in “ a meticulous work that cracks wide open the Vatican ’ s legendary, enabling secrecy ” (Kirkus Reviews). Decidedly not about faith, belief in God, or religious doctrine, this book is about the church ’ s accumulation of wealth and its byzantine financial entanglements across the world. Told through 200 years of prelates, bishops, cardinals, and the Popes who oversee it all, Gerald Posner uncovers an eyebrow-raising account of money and power

Online Library Tower Of Basel The Shadowy History

in one of the world's most influential organizations. God's Bankers has it all: a revelatory and astounding saga marked by poisoned business titans, murdered prosecutors, and mysterious deaths written off as suicides; a carnival of characters from Popes and cardinals, financiers and mobsters, kings and prime ministers; and a set of moral and political circumstances that clarify not only the church's aims and ambitions, but reflect the larger tensions of more recent history. And Posner even looks to the future to surmise if Pope Francis can succeed where all his predecessors failed: to overcome the resistance to change in the Vatican's Machiavellian inner court and to rein in the excesses of its seemingly uncontrollable financial quagmire.

“ As exciting as a mystery thriller ”

Online Library Tower Of Basel The Shadowy History

(Providence Journal), this book
reveals with extraordinary precision
how the Vatican has evolved from a
foundation of faith to a corporation of
extreme wealth and power.
